- I am glad to meet all of you, I have asked several times about meeting with you all and I have not up to now so, thank you.
- There are several changes in courts that I need to discuss with you. These orders come from the presiding Judge in St. Louis County which is my boss. I feel like all the decisions that are made in the city dealing with courts should come through me because I have to sign a paper saying we are all in compliance with what the supreme courts says.
- I understand you are looking for a new judge. (Mayor Hunt stated, "No, we have not renewed your contract and per our ordinance we have put it out.")
- I understand you are cross training court personnel with city hall and that is not allowed according to our court rules. I would like to discuss this further with the mayor and the council.

City Clerk:

- We need to put out the RFQ then the RFP for the Judge position
- We are going to need additional cleaning after we open. Courts will have to clean and sanitize after every 10 people and we do not have the cleaning staff for that. We will also have to clean counters and doorknobs at the front area to keep everyone safe. We are attempting to get 3 bids for the cleaning, and I will submit those to the council.
- Councilperson Martin and I went over some of the purchasing orders, but she will discuss it further in the work session.
